

### Here's what you do...

Fill in your details in the boxes below. Fold your clean, dry pair of jeans and place them with your payment details in the bag provided, then simply post them. We've even paid the postage for you!

#### stuff you need to know

At the moment, the size range is ladies: 3.5 / 4 / 4.5 / 5 / 5.5 / 6 / 6.5 / 7 / 8  
We need a minimum leg length, crotch to ground of 60cm (we use both legs, front and back)  
Rips at the knees are OK if the length is long and the rip not too big.

We aim to deliver your newly made sandals within one week using Royal Mail.

We're sure you're going to love your funky recycled sandals but if you're not completely happy with them we can refund them as long as we receive them back within 14 days unworn.

Every once in a while we produce a reject which may be down to unsuitable material, if this does happen we will be happy to supply you with an off the shelf pair of recycled jeans or your money back. Our aim is to dispatch within 7 days of receipt of your jeans (subject to Royal Mail). Your sandals will be sent via 1st class Royal Mail and will be subject to their terms and conditions.

## Turn your Blue Jeans into Green Sandals!

www.recycleyourjeans.com

Send us your old jeans and we will transform them into a funky pair of Kalahari Duo Sandals!

"Great - a unique pair of sandals just for me! I already throw my used bottles and paper in the recycling bins, but this seemed a great way to see results for being eco-friendly! The sandals are made here in the UK, so their carbon footprint is really low. I sent off my old favourites (paint splashes and all) and look what I got back - not only do I get a comfy pair of sandals but I'm doing my bit for the environment too!"

We can make from any cotton jeans, whatever their colour or design!

These Kalahari Duo sandals are the hottest new thing in healthy footwear. Designed to improve posture and all round foot health, the unique contoured foot support mimics walking barefoot - it's like a footprint in wet sand. The heel and toe are level, so this gently stretches your tendons and muscles to exercise your legs, and encourages better allround foot health. They're wonderfully comfortable - And they look great too!
