Welcome to Goldshield's World of Healthcare

A unique, advanced GLUCOSAMINE Formula enhanced by nature

Having successfully completed all the development and assessment stages we are now delighted to be able to make GLUCOX available to you.

Unique to Goldshield, GLUCOX is a technically advanced Glucosamine based formulation. It is enriched by natural herbs sourced from ancient societies renowned for their traditional skills.

GLUCOX contains 750mg of the finest pharmaceutical Glucosamine Sulphate, (two tablets will provide you with the recommended daily dosage of 1500mg) and benefits from the addition of Turmeric, Green Tea, Rosemary and Oregano – ingredients that have been used in both ancient and developing societies for millennia and have recently become the subject of intense modern media interest.

DOSAGE:

This product provides 750mg of Glucosamine. For most people the recommended dose is one tablet twice a day.
